Blind Manufacturer: Verosol Australia
Supplier/Installer: KWA Blinds
Product Type: Ambience Multi-Link Roller
Fabric: Metal backed SilverScreen
Quantity: 70

Arguments in favour of choice made

- Fabric was selected to provide occupant comfort by reducing heat and glare while maintaining outside vision to parklands.

Main selection criteria

- Heat and glare reduction
- Outside vision

Problem definition

- Office building with facades receiving direct sunlight.

Requirements of client/architect

- Building positioned with direct views to parkland setting requiring a fabric that will reduce heat and glare and still provide outside vision.
- Multiple blinds with one chain control mechanism to allow ease of use.

Solution

- Ambience Multi-Link Roller Blinds with semi transparent SilverScreen fabric in dark grey.
