Drop: 2100

Arguments in favour of choice made

- Building management required performance blinds-air-conditioning savings being a key criteria in their decision making.

Main selection criteria

- Energy efficiency, heat reflectance, optimum glare control occupant safety and comfort and environmentally friendly blinds. The Verosol five year warranty also offered the end-user product security.

Problem definition

- Solar Radiation, glare and (old) non transparent blinds were a concern to decision makers.
- An environmentally friendly blind was required.
- Verosol SilverScreen met the 5 star status.

Requirements of client / architect

- Property management were the key decision makers in selecting Verosol SilverScreen.
- Heat reflection, glare reduction and conserving energy.

Solution

- Verosol - SilverScreen.
